

• **Introducing – the new Qumi Q6!**

**Quick to move and set up** – It's very quick to set up and easy to handle thanks to:

- its small form factor
  - wireless connectivity
  - built-in memory
  - integrated speakers
- Just connect and go!

LET'S SEE WHY THE NEW QUMI Q6 IS SO GREAT FOR PRESENTATIONS ON THE GO:

**Qumi Q6 is also great for small work groups.** You can share ideas in virtually any location – just take your Qumi with you.

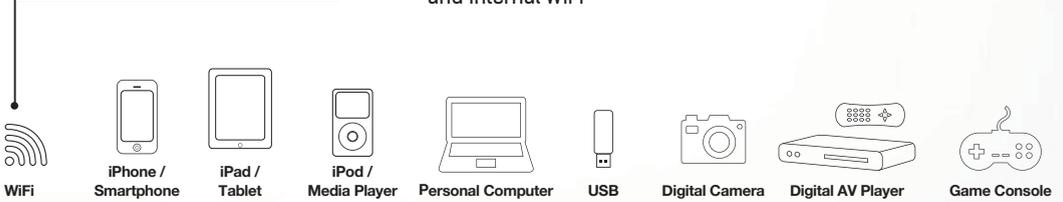

**Share Word, Excel or video files!**

Thanks to a built-in MS Office® and Adobe™ PDF document viewer, you can show your documents, data sheets and PowerPoint presentations directly from a USB flash drive or you can pre-load it to the 2.5 GB onboard memory.

**Connect your Qumi Q6 to everything!**

Did you know, that thanks to WiFi you can now replicate your phone screen directly to Qumi?

- Wirelessly stream all types of content using EZCast Pro application
- MHL® compatible for Android devices screen mirroring
- Advanced display connectivity including: HDMI, USB, and internal WiFi
- PC Free media and document viewer

iOS 

• **What else should you know about the new Qumi Q6?**

- **small & lightweight:**  
34 mm, 475 grams
- **big & sharp picture:**  
up to 2.3m diagonal image
- **wireless mirroring**  
Using EZCast Pro app
- **advanced connectivity:**  
MHL, WiFi, HDMI, USB, embedded media player, built-in memory

- **performance:**  
WXGA resolution, up to 800 Lumens, a 30,000 : 1 contrast ratio, HD 720p
- **LED Technology:**  
up to 30,000 hours of operation, lamp free
- **2.5 GB built-in memory**
- **easy touch-sensitive keypad control**

## • The Qumi series

Different needs require different approaches. Which Qumi will be best for you?

## • The Qumi series

### Q5 – great for portability

Its size makes it easy to pack your Qumi projector in your briefcase and take it with you wherever you go. Q5's built-in web-browser and WiFi dongle grants you easy access to your content via the internet.

### Q6 is the new Qumi, which stands out for its wireless connectivity.

It's very easy & quick to set up. The Q6 will give you a cable-free experience through connecting to your mobile Android & iOS devices as well as preloading your content onto the 2.5 GB of built-in memory. And, it comes in 7 sleek colours!

### Q7 Plus – a professional projector

With up to 1000 lumens of brightness, an image diagonal up to 2.7 meters & a weight of 1.4kg, you can depend on its high quality performance to support your presentations in meeting rooms.

### Q4 for home entertainment

For late night movie watching in your bed, a gaming Sunday in the living room, or a kids sleep over & cartoons. Share the fun!
